

ASEC 45 Hook Cabinet for Padlocks or Key Bunches

Description

This powder coated cabinet from Asec has 45 colour coded hooks and is designed for the secure storage of padlocks, although it may also be used to store bunches of keys. The cabinet is locked using a cylinder and it is supplied with 2 keys, as well as colour coded square key tags. With a powder coated square construction, this cabinet also features a criss cross door design for extra rigidity.

Supplied With 2 Keys
